

prayermatters

Summit

From 30 June to 4 July students and staff will gather near Hamilton for TSCF's new leadership camp, Summit. Please pray that all the preparation will go smoothly, and that everything from transportation to finances for registration will be provided for. Also pray for Nigel Pollock, who is the main speaker, and other staff and students who will contribute to the sessions. We want this

week to be a time of solidifying truth and inspiring action in the lives of those who attend.

Easter camps

Please pray that, as students return from Easter camps and go back to campus, there will be a work of the Spirit in each life. Pray that they will know and love Jesus better and be increasingly transformed in thought and action.

prayermatterscampus

Auckland

EU

Give thanks for many students stopping by the EU table during orientation and for the student leaders, who have been doing a great job of planning out welcome events, discussions, Bible studies and visiting speakers. Please pray that new students would feel welcome, particularly those who aren't yet Christians. Please also pray for the student leaders as their studies get busier, that they wouldn't feel overwhelmed but would be wise in the way they spend their time.

Veritas

Give thanks for the 15 or so students who came to the first meeting of the semester, and for the growth of the Facebook group. Please pray for Steph, Jerome and Tess as they plan out further meetings and work out how best to support, equip and encourage law students.

CMF

Give thanks for a great turnout to the first CMF gathering. Pray for the leaders as they work out whether weekly meetings or less frequent gatherings would be most helpful for the students.

Unitec CF

Give thanks for the many students interested in the group at the clubs days, and for the 30 students who came to the welcome lunch. Pray for Jamie as he leads the group, and pray that students will find the weekly meetings welcoming and they would be pointed to the gospel.

Waikato

Hamilton CF

Pray for the leadership team, that they will have a collective vision and be able to lead by example. Also pray that they will be always motivated and have a good balance between HCF and other

commitments.

The team members want the HCF flat to become a place of rest, and that they will learn how to serve guests. Pray that Jesus will be the centre of it all, that all the organised events run smoothly, and that they will glorify God above all.

Please also pray that there will be sufficient funding, and that they use the resources wisely.

Palmerston North

PNOCF

New students are coming along to Friday nights. Praise God for bringing them, both Christians and non-Christians. Pray for a strong hunger and thirst to know Jesus Christ and for God to be glorified as they study his Word.

Pray that members will seek to grow more in Christ as they learn to live an undivided life together.

Pray for leaders to draw strength, wisdom and joy from God as they serve faithfully and wholeheartedly.

Pray for the Christian groups on campus to live out their faith boldly and with love.

Otago

Dunedin VCF

Praise God for a great start to the year with a few new members and a weekend camp.

They have also been doing some outreach work with students at residential colleges through Red Frogs, serving pancakes every fortnight and having some good conversations with the residents. Pray for more opportunities to share

and for the openness of the students would also be appreciated.

Wellington

WelTec

Praise God for the small group at WelTec, and the WelTec staff member who attends. Pray that God will grow and strengthen the group over the year, and that they will be bold.

Lincoln

Praise God for a great amount of interaction with new students during Freshers and O week, gaining lots of new members. The Wednesday lunch is also going well with great attendance.

Praise God also for the two weekly study groups, monthly men's group and the team of students heading to Fiji between semesters.

Please pray for continued wisdom and energy for reaching students at Lincoln, for the ongoing strength of the leadership team through upcoming exec changes, and the team of students going to Fiji.

Also pray that students would continue to be a wonderful support to one another and grow together.

Canterbury

Praise God for Christina Shewan and Matthias Loong, new staff members who recently joined the team. Please pray that they will quickly settle into their new responsibilities, build good relationships with students, and have a growing vision of how God is building his work at Canterbury University.
