

# prayermatters

## Launch '15

Final details for the national summer camp in February are being nailed down, and registrations are coming in. Please pray all students and recent grads who would benefit from this time of building

friendships and preparing for the year will have the means to attend. Pray also for all the speakers and teachers as they prepare.

## Staff

Please pray for May Lee as she seeks partners to support her ministry with Auckland's international students, that she will be encouraged by people's response and find that all her needs are met.

And pray that as she continues discipling young women who are often far from home and without family support, she will have the wisdom and energy she needs.

## prayermatterscampus

### Dunedin

#### VCF

Thank God that Red Frogs, serving pancakes to the students at a residential college, has been well received, and that we've been invited back. Pray that the students will continue to be receptive and that they will be inquisitive about what we do, why we do it, and who God is.

### Palmerston North

#### PNOCF

Praise:

- For the people God has brought to the group and the friendships made. It is such a great sight

to see the bonds made through Friday nights. We've had countless midnight lock-ups (it's so difficult to say "goodbye" and make them leave The Centre).

- For the new leaders stepping up and out in faith, to want to see God be glorified and be made known on campus.
- For God's continual guidance and providence. It is so humbling to see God's hand move. We are also thankful that God has opened many opportunities for newcomers and seekers to attend our events and learn more about his Word.

Prayer items:

- For the new leaders – we're smaller in numbers, but trusting in God, believing that he will carry us

through 2015. Pray that, we may lead with love, grace and humility, be bold and courageous, and have wisdom and creativity planning.

- For our non-believing or seeking friends, that God may continue to draw them and reveal himself to them in his amazing ways. Also, that we may be equipped with grace, truth, and love as we speak about Jesus, and that our actions may reflect Christ (Colossians 4:3-6).
- For Christians – that God will continue to give us the passion for his word, that we may diligently seek him first and live “undivided lives,” allowing Christ to be Lord over all, including our studies and relationships with others.
- For Friday nights, that our meetings continue to be about God and about the people. Pray that we will serve God and those around us better.

## Auckland

### Massey Albany

We are thankful to God for the work by faithful members, and pray for unity and strength as 2015 approaches. Please pray for the new leadership, and for a strengthened presence on campus through evangelism and ministry.

### EU

Please pray for:

- leadership and planning for next year
- boldness in sharing faith for members
- community and friendships to be kept up over the summer break and into 2015
- that 2014 would conclude smoothly and the new leadership team for 2015 would work well together

Praise God for:

- the second semester went really well, with an increase in regular attendance
- God provided continuity and growth in the leadership team for 2015

### Veritas

Please pray for the future of Veritas as we try to reach out to new law students and think about future leadership.

### International Students

Please pray that the Massey students staying in NZ over the break would come and enjoy the activities leading up to Christmas and that students would hear and understand the Christmas message.

Give thanks for the continued opportunities to share the good news with Mainland Chinese students through to next year.

## Wellington

### CF

Praise God that the last semester went well with the new committee. Pray for them as they continue to grow in the vision of TSCF and Wellington CF and prepare for the next year.

Pray for everyone over the summer – for safe travels, refreshing yet but productive holidays, and continual service to God no matter our location.

Pray for the committee as they meet together before the summer to praise God and plan for the future, that God will be glorified in all decisions and a new zeal will be in our hearts.

Pray for the new graduates – for comfort and blessing as they settle into new places, for wisdom as they figure out what is ahead and for peace to know that God is protecting them.

## Waikato

Please pray for the leadership team, for wisdom in planning, and for safe trips for those heading home or traveling around New Zealand for the summer break. Praise God for his faithfulness, despite our lack of it, and for a great year.
