

prayermatters

Easter camps

Please pray for students who will be gathering for time out together and studying the word. Especially remember international students, some of whom will hear the gospel for the first time.

TSCF staff

Please pray for those who are considering joining

the team, whether as volunteers or as paid staff. Ask that God would make the call clear to those whom he has prepared, and that the team would be better resourced to meet the many areas of need.

Vision 80

Praise God for the responses to our Vision 80 fund, and pray that many more will contribute to it.

prayermatterscampus

Bay of Plenty

Pray that students will be nourished in their personal times of Bible study and prayer, and that they will be gripped by the Great Commission and filled with the Holy Spirit as they seek to witness to fellow students on campus. And pray for wisdom for David Hodgkinson as he develops as regional plan in his new role as team leader.

Palmerston North

Massey University CF

We are thankful for the growth that God has given to our fellowship, and for the graduation, new jobs and engagements of several of our members. Please pray that we would influence the university community in a positive way.

Waikato

Praise God for a successful Clubs Day and

welcome event. Five new members joined; pray that we will grow in unity as well. Pray that we will follow God's leading and that he will prepare us to give an answer to non-Christian friends who come to Bible study on Wednesday nights and that our lives will reflect God's love. And please pray that we will achieve our IFES pledge through the Easter Progressive Dinner.

Auckland

EU

Due to students' availability, we've had to change the day of main meetings. Please pray that this will enable more students to come and we'll get settled into a great community quickly.

Veritas: Christians at Law School

We're starting up a mentoring scheme to help younger students in their faith through the challenges of law school. Please pray for older law students to volunteer as mentors and for younger

law students to sign up. Please also pray for the leaders as they organise speakers and other events for the semester ahead.

Connect: Christians at Unitec

Thank God for the students who have been coming along to this restarted group. Please pray for Saurabh, the student leader, and Hanli, new associate staff, as they lead the meetings and follow up with students.

Christian Nursing Students

Give thanks for two Dinners with a Nurse so far this year, where nursing students across all years have been able to hear from registered nurses about practicing nursing as a Christian. Please pray for the four first-year students who have expressed interest, that we might get a regular meeting going with them.

Engineers Seeking Truth On Campus

Eng-STOC ran its first event on 28 March, addressing “A skeptical look at atheism.” Please pray for follow up with those who attended.

Overseas Christian Fellowship

OCF's camp will be 21-24 April on the theme “Compelled by love.” Please pray for those organising it and speaking at it, and for many to sign up and bring their friends along.

CMF Auckland

We are thankful for the size of our group and for the individuals who attend. Please pray that members would be bold enough to bring people along to hear the gospel, and that people would indeed hear the gospel. Please also pray for the CMF conference 18-21 May, and “Glad you asked” on 31 May.

Otago

Dentistry Christian Group

Our retreat is coming up 7-9 April. Please pray that it is a time of revival and that God opens hearts. Our theme is the Lordship of God in our lives. Praise God that we've been able to reach more students this year – we've have many more Bachelor of oral health and dental technology students coming to our weekly meetings.

PSFC

Please pray for our sister work in Fiji, as it ministers to people from around the Pacific and deals with the challenges that cultural Christianity and limited resources present.

Pray that students will be equipped spiritually and practically to further the gospel, and the peace and justice it brings, in each of their contexts.

Praise God that staff have been able to visit and

provide leadership training for students from the three campuses in Vanua Levu, a northern island that is Fiji's second-largest.

Fiji cultural trip

Pray for students who are considering joining the trip to Fiji in November – for provision of the resources to go, for preparation of heart and mind, and for a great time of fellowship, service and growth for those who attend.
