facebook.com/tscf.nz

ON CAMPUS, Tertiary Student Christian Fellowship's student-led groups help students adjust to life at uni and polytechs. They join other students who are on the same journey—thinking about how faith applies to study and work, learning how to communicate the gospel well, and making friends to last a lifetime.

OFF CAMPUS, national and regional camps provide time out to prepare for the next term and encourage each other in faith. International speakers, Christians working in specific fields and local staff workers contribute to these gatherings. **Join us this summer at Launch events in your area: tscf.org.nz/events.**

AFTER GRADUATION, our ministry internship programme, Minty, is a time to be mentored while intentionally discipling others, completing theological study and gaining practical work experience.

Students and staff at Launch 2015 in Waikanae

Find a group on your campus. Contact your local team leader or visit us on Facebook or our website.

"I realise now how much of an opportunity university is, how people are already thinking about the deep things in life."

"... I was really inspired by TSCF's values, and the things that TSCF stands for as well as the vision that they have for students."

– Annelise Chan,
University of Auckland student
